Block 17, Lot 6.03 – 870 Highway 12 – Septic Waiver

K. Hoffman, engineer, was present for the application this evening. This application is for an alteration, no expansion, septic system. The system was known to have issues by the owner for a long time. The house is under contract of sale. In order to keep the 48” zone of treatment it will be a fairly high mound.

The Board will have to act on the following waiver:

The regional water table has been determined to be at 12 inches in Soil logs 3 and 4, which is less than the maximum level allowed by code of 24 inches from existing grade. There will still be a minimum of 48 inches of separation from the regional water table and proposed level of infiltration.

It was moved by N. Marmorato, seconded by D. Haywood and carried to grant the above waiver. All members present voted **AYE** on **ROLL CALL VOTE**.
