

**OPEN SPACE & AGRICULTURAL ADVISORY COMMITTEES**

**Regular Meeting Minutes**

**April 4, 2017**

**7:00PM**

**Call to Order**

The Regular meeting of Open Space and Agricultural Advisory Committees was called to order at 7:05P.M. Chairwoman Sandra McNicol called the meeting to order and read the following notice requirements.

**Notice Requirements**

**Adequate notice of this meeting was provided in accordance with the Open Public Meetings Act by publication of the notice in the Hunterdon Democrat and Courier News on January 19, 2017 and by telefaxing a copy of the notice to the Express Times on January 11, 2017. Copy of this notice was also posted in the Kingwood Township Municipal Building on January 11, 2017.**

**In order to ensure full public participation in this meeting, all members of these Committees, and also members of the public are requested to speak only when recognized by the Chair so that there is no simultaneous discussion or over-talk, and further, all persons are requested to utilize the microphones which are provided for your use by the Township. Your cooperation is appreciated.**

**Roll Call**

**Open Space Advisory Committee**

**Present**

Phil Lubitz  
Thomas Ciacciarelli  
Sandra McNicol  
Karen Hertzog

**Absent**

John Mathieu  
Lee Frank  
Heather Haberle

**Agricultural Advisory Committee**

**Present**

William Pandy  
Richard Dodds  
Edward Kralovich

**Absent**

Cynthia Niciecki

2.

**Approval of Minutes**

Motion and Approval of the February 7, 2017 Regular Meeting Minutes of the Open Space and Agricultural Advisory Committees

It was moved by Phil Lubitz, seconded by Richard Dodds and carried to approve the March 7, 2017 Regular Meeting Minutes of the Open Space and Agricultural Advisory Committee.

**Correspondence**

Article - From New Jersey Conservation Foundation - Newly-Preserved Delaware Twp. Parcel Protects Water and Views

Chairwoman Sandra McNicol reviewed an article she found regarding a newly preserved property in Delaware Township.

**Reports**

Farmland Preservation - Liz Schmid (Report for April, 2017)

Liz Schmid was present at the meeting and reviewed the following report she prepared for this evening:

**Open Space/Agriculture Advisory Committee**

3.

**April 4, 2017**

I am going to list the projects that have had some type of change since last month first. I will then list the farms that are still on the radar, but have not moved along significantly since last month. Changes from March are in bold face type.

**1. Haring (Bl 12, Lot 33.01) 58 acres - Rt. 519 -** This property is now on the market for \$525,000. The realtor involved with the property contacted HLT to see if there is interest in open space or farmland preservation. **I have tried to contact the realtor and am awaiting a call back.**

**2. Varela (Bl 33 Lot 12 - 63 acres, Bl 32 Lots 5 - 11 acres and 6 -16 acres) on Barbertown-Idell Rd.** This is a complicated estate situation with squabbling heirs. The heir that lives on the property wants to preserve so that she can keep the farm together as a farm. Others just want money out of it. They are presently getting a new appraisal on the property to see what is a realistic value in the current market. The State has no funds available for direct purchase and is sending pending applications to the Counties. Heir on the property wants to put in an application for consideration in the Harvest Round (fall). She will also have to apply for Federal funding to cover municipal costs. They have chosen to have the property appraised for easement value, as well as, sales value to better help in decision making. The property has been appraised, but the family has not yet made any decisions on what they wish to do. The family has decided that they wish to make an application for farmland preservation. I am working on doing a municipal PIG application, unless the Township would prefer that the application be a County PIG. The major difference is that the Township would have to pay for technicals up front, with partial reimbursement after closing. **I am waiting for an e-mail verifying that they want to do the entire farm and not just two lots.**

**3. Goeckeler (Bl 30, Lot 6) -** As Green Acres has run out of money for this project, the owners would like to pursue a farmland preservation application. In order to do this, The Township must enlarge the farmland preservation project area in the farmland preservation element of the Township Master Plan. The farm is located on Warsaw Rd. The Township will also have to amend its Agricultural Development Area with the County and the State. It is possible that this can be done by resolution. I am checking with the County and the State. At the moment there seems to be some confusion as to exactly where the line for our ADA is at this time, and where the line for the Farmland Preservation Project Area is in the northern part of the Township.

4.

What is on maps and what is in legislation seem to conflict. Because of these area issues which must be remedied in order for the application to proceed with the State, and because the farm is in the County ADA, and will be added to their Target Farm List, the County has said that they will include this farm in the County Pig fall round so that there is no hold up. We can then transfer it back to the Municipal PIG when the boundary issues are resolved, if that is OK with everybody. We now have a copy of the map of the Ag Development Area and the PIG Project Area as it is understood by the State, so we should work with that. HLT has submitted an application for federal funding for this farm without the County. SADC and NRCS are reported close to agreeing on minimum deed terms. After that is achieved, CADB staff will approach the Freeholders to approve farms in the pipeline requiring federal funding, which they have been unwilling to do to this point. As our ADA issue is still up in the air, I have had the issue of requiring signatures from all landowners to expand an ADA put on the CADB agenda this month. If we can get that changed, then all we have to do is get CADB and SADC to agree to it. As most of you have seen from my e-mail, the State is suggesting adding a ROW along the northern edge of this farm to provide access to the Tea Table Property. This requires discussion as to what type of access and what the Township might want to do about taking over a ROW. Much would depend on ownership of the Tea Table. CADB has rejected the idea of a ROW on the northern edge of this property. The CADB attorney has been researching how their requirement of signatures from all property owners in an ADA was enacted. She will bring her findings to CADB meeting on Thursday and it would seem that all they have to do is pass another resolution eliminating the requirements. As all members seemed to be of that mind last month, the requirements will go away and all we have to do to change the ADA is have both CADB and SADC agree to the change. This will make life much easier for all. **The County has changed its policy on ADA amendment. It also is affected by the Federal Funding deed question. The draft of the proposed deed for use with Federal funding is being circulated for final comments. Hopefully, the County will find this acceptable so that we can continue to preserve farms with this resource. Unfortunately, the State has now questioned whether or not the property is capable of being subdivided, because of the grade off of Warsaw road. They have suggested sending out an engineer to see if it is possible. The County seems to be amenable to doing this. I have spoken to the property owner to appraise her of the issue and to verify her suggestions for solution.**

**4. Dalrymple** - Block 6 lots 26 (33.4 acres) and 26.01 (18.55 acres) - The landowners have completed an application for the Municipal PIG program and it has been approved for Federal funding. CADB has given preliminary approval, as has SADC.

5.

The Township Committee has passed a resolution requesting that the State add this farm to our targeted farm list. The landowners have agreed to partially pay for one appraisal to see if easement value will be acceptable to them. The Township has chosen an appraiser from the proposals submitted. Things have been complicated by the CADB's refusal to accept the SADC proposal to use Federal language to prohibit selling the two lots separately, without actually merging the lots. They continue to insist that the lots be merged before preservation. SADC is trying to be helpful by developing some sort of new appraisal form that would allow for the appraisal of the properties as one lot without actually being merged. That way the landowners would be able to have the properties appraised and they could make a decision about whether the money is enough to follow through with preservation before they have to spend money on merging the properties. In any case, the properties would have to be merged before the preservation closes. The landowners have decided to proceed with the process if the second appraisal comes in at or above what the first one came in at. They are having their attorney look at the various forms that they must sign to continue with the process. As of 9/28, they had not returned the forms signed. When they do bring them in, we will have the second appraisal done. The attorney raised further questions that we have attempted to address and referred him to County Counsel for further clarification. We have also provided them with the County forms that may be more beneficial to use. The attorney seemed to be satisfied with the information provided, but we have not heard from the landowner about signing a contract or option. As with Goeckeler, there is also the issue of County approval of the terms of the Federal program. The Option form came back from the landowner's attorney with an addendum of two changes. The Township Committee has directed the Twp. Attorney to modify the changes and return it to the landowner's attorney for approval. The modified version was sent back to the landowner's attorney last week. The contract has been returned to the Township Attorney and will be presented to the Mayor for signing. **The contract still has not arrived from the Township Attorney. When this happens, we will have the second appraisal done. As cited above, a draft deed for use with Federal funding is being circulated.**

**5. Maritan** - (Bl 33 Lot 25), 104.71 acres. Richard has had discussions with Jackie Middleton at HLT about possible use of new Green Acres money for this property. After Richard and Tom from HLT walked the property it was decided that the property should be cleaned up before appraisals are done. Jackie will be working with the family to do this, but the family has been told that there is no money available now. Property is now on the market.

6.

The State has suggested if the property qualifies for Federal funding, the Township could do a municipal PIG on it and by-pass the County as the Federal money would cover both municipal and County share. The State would then hold the easement on the property. I did not think that the Township was interested in this option, but am running it by you. The State has suggested that the owners might be interested in an NRCS program that would preserve all or part of the property as disturbed wetlands and help finance restoration of the preserved area. We can explore this with the owners after NRCS does preliminary checking to make sure that the property is appropriate. **NRCS has found the property to be appropriate and they suggest that the landowners see them to see if they qualify for the program, and to explain the arcane details. If they do not, NRCS may have other suggestions.**

**6. Tranquility Farms LP - Block 5, Lot 1.01 - For financial reasons, this farm is not eligible for Federal funds so County and Municipal PIGs were not feasible. SADC had approved the farm for State Direct Easement purchase. The owners have accepted the certified value and the Township has sent a letter of support. It should have received final approval from the State last week, and the surveying, etc., will proceed. After resolving contract issues with Penn East, the State has given a revised certified value (it was the same) and SADC granted final approval last week. Title work has been completed and survey work is being done. They hope to have it closed by the end of their fiscal year (June 31).**

**7. Hudson Grant Group - Block 40, Lot 19) - HLT is making an application for County Open Space funds for this vertical property. Other funding would come from DEP. Access issues have been resolved. The appraiser was out at the property with Lisa Stern from the DEP, Jackie Middletown and Richard Dodds so we should have a value quote soon. Appraisals are back. The County planning Board has approved a \$51,000 grant for the property. The Freeholders have now approved the grant. A proposed contract has been sent out, but as of last week, it had not been returned. The contract has been signed and returned and the Township is arranging for a survey and preliminary assessment**

**8. DeSapio properties on Ridge Road - Block 6, Lots 12 and 13.01 have closed and are now preserved.**

**Block 5, Lot 6 (69.54 acres known as the Brown Farm) has gone to the County for a County PIG application as the State is out of Direct money. The County is going to the landowner to see if he is willing to make an application for Federal money that will cover our share of the preservation. The County is also suggesting that the application be carried in the County program through the appraisals and final approval and then be transferred to a Municipal PIG for the survey.**

7.

This would allow Kingwood funds being held at the State to be used for the State 60% as the County is about tapped out of State money. The landowner has agreed to apply for Federal funding (ALE) so that the application can be fully funded. The HLT board has approved this project. The landowner returned paperwork for application for Federal funds and HLT has submitted an application. Again, this application will be hanging on the County approval of the terms of the Federal money. The State is on hold, waiting for CADB to submit its annual update, including this farm on their target list. HLT is requesting that Kingwood add this farm to our PIG Target farm list as there are many issues with the County, and it would be easier to do it as a Municipal PIG - except that it requires us to expand our Project Area in another place. Bid packages for appraisals went out from the County last week.

**Appraisal has been awarded and County is waiting for the appraisal.**

9. Pinkerton - (Block 14, lot 12 - 42.7 acres) on Rt 29, adjacent to Wydner, Augustine and Frenchtown Preserve. Landowner contacted the State about preserving this property. As the piece is small and the State does not have any money to do direct purchases at this time, they contacted me and the County and HLT. This landowner had put in an application a number of years ago and then withdrew it after Frenchtown Preserve (which he was farming) was completed with Green Acre money. I informed all parties that I was not necessarily the best person to approach the landowner. Jackie from HLT felt that she also was regarded as a tree hugger. The County and State are trying to set up a meeting with the landowner at the end of the week. I will attend if the parties think I will be a benefit, not an impediment. It would be nice to fill in that piece of the 29 corridor.

10. Mattison -- (Block 21, Lots 1.01, 1.02, 1.03 and Block 21.01, lot 2) on Rt. 12 and Whiskey Lane - Owner is interested in selling into preservation but only NJCF has any interest and would need other money to complete a sale. Found out that Franklin, with help from NJ Conservation Foundation is preserving a property very close to this property. I called them to see if they would have any interest. They would need money from other sources. After checking with HLT to see if they could help, it was decided to wait until the Franklin piece is completed before pursuing this property.

#### **OTHER ISSUES**

The CADB changed their ADA regulations so that it is easier to change the Area. However, it is they who do all the work. We ask them to do it. We may have to ask them to do it in the fall with their annual update.

8.

\*\*\*\*\*

**11. Siano - Block 30 Lots 8. 2 and 2.01 (73.81 acres) - No Change -**

This farm is being done as a County PIG application as the State did not have sufficient funds to do it as a State Direct Application. The landowner has been in contact with HLT to make an application for Federal funding, but has not been approved by the HLT board yet as she may be selling off a lot before preservation. That issue must be resolved to proceed. This farm is also affected by not having County approval of Federal money terms at this time. It may also have to be held over until next year. The landowner failed to complete the paper work required to apply for Federal funding so will have to wait for the next round to make an application. She also failed to sign the form required to change the ADA, but hopefully that will no longer be an issue. There has been no further contact.

**12. Kenney - Block 27 Lot 6 (20.77 acres) - No Change -**

Landowner called the SADC staff to inquire about preserving this lot. He had preserved his other lots a number of years. He had contacted me a few years ago but I discouraged him as the lot appeared to be more than 50% wooded which would make it ineligible for preservation. The lot also has significant wetland areas. State staff believes that the land is more than 50% tillable so should qualify for preservation. The Ag Committee did not seem to have an interest in preserving this piece at last month's meeting. It would be a long shot, but maybe this would qualify for the WRE program also. NRCS is doing preliminary checking.

**13 Smiley - B 26, Lot 17 - Kingwood Locktown Rd (25.98 acres)**

This property is partially farmed and partially wooded. It adjoins the preserved DeCroce farm to the south. The message was that she wishes to create a preserve on her property.

**14. Dirt Capital Partners, LLC - Block 4, Lot 3, .5 acres. No Change -**

This is the corner of a farm in Franklin for which Dirt Capital Partners is trying to recoup some money. Kingwood's share of a preservation would be in the area of \$700. Bid packages for appraisals went out last week.

**15. Milford - (Block 9, Lots 26 (13 acres) and 17 (62 acres) No Change**

The family is interested in acquiring property across Slacktown Road from other property that they own. They would need preservation money in order to make this happen. We have advised them of the tight money situation at the State and the Township, and about the need to use Federal money (ALE) to cover Township portion of any preservation. We discussed the constraints of being near a C-1 stream and having woods on the property and how it might affect appraisal values. We also discussed how CADB might look at the property.

9.

We suggested that if they wish to pursue the preservation they might want to do it with a strict contingency contract with the present owner. They are planning to talk with the realtor.

**16. One Lowell Realty Inc. (Lipka) - Bl 17, lot 14 (30.89 acres) No Change** Flag lot on Barbertown-Point Breeze Rd - The owner of this property just wants to get rid of it and is willing to donate the property. There are wetlands on the property and an open lien from DEP. He (or maybe his estate) does not want to or cannot pay the lien off. DEP says the lien consists of a \$12,000 fine and a \$6,000 penalty for not having complied with an administrative order. The fine was for placing fill and cut vegetation into wetlands and wetland transition areas. The fine and penalty stay with the offending owner, but DEP would require the situation to be remediated. HLT has no interest in the property. It is not near any other preserved land. Does the Township have any interest?

**17. Felix II** - (Block 12 Lot 1) - **No Change** - A township resident has contacted me about the possibility of purchasing and preserving this farm. The purchase is dependent on the ability to preserve. In speaking with the interested purchaser, it became clear that possible preservation funding may not be sufficient to purchase the farm. We discussed the need for them to discuss specifics with the owner. I spoke with SADC and HLT to see if they had any creative ideas as to how this could be worked out. No one has come up with any new ideas. I will continue to stay in touch.

**18. Perrotti - No Change** - Block 7 Lot 14.10 - 52 acres on Oak Grove Road, adjacent on the south side to the preserved DeSapio farm. The owner is looking for the most profitable way to proceed with his investment property. He has 4 approved lots ready to build on when the economy picks up. He is in no rush to do anything. He was really just doing research on how much he could get for preservation when he called the State. He would ideally like to get \$15,000/acre for the easement.

The Committees reviewed the properties discussed in Liz Schmid's report over the overhead projector.

The Advisory Committees thanked Liz Schmid for her monthly report and for all her time and work she puts into the township.

### **New Business**

Richard Dodds noted that there was a speaker at the last Lower Delaware Wild and Scenic River who reviewed all the things in the Delaware River, which is on a chart where anyone can go and look at it on the DRVC website. Richard Dodds noted it gives us a great baseline in case anything changes.

10.

Richard Dodds explained that there will be grants available from the National Parks Service, which will be small grants for towns or non-profit organizations. He noted we will not hear until the fall if the funding is available.

### **Old Business**

#### **Horseshoe Bend Park - Update**

Richard Dodds noted the township was hoping to obtain funding from the Scenic byway, which can be used to reimburse the State for Green Acres money. He noted that the State can be reimbursed, but the township cannot use this as match in property purchases. He noted that with the Hudson Grant Group they received a fifty percent match from the County. He noted he will be applying by the May 15<sup>th</sup> deadline for the purchase the Axelrod property. He noted he is now working this out with the County.

#### **Copy of Letter to the State Agriculture Development Committee - From the Agricultural Advisory Committee**

Chairwoman Sandra McNicol reviewed the letter sent to the State Agriculture Development Committee.

#### **Copy of Response Letter to Chair William Pandy from State Ag Development Committee Regarding Deer Fencing**

Chairwoman Sandra McNicol reviewed the letter of response from the State Agriculture Development Committee to William Pandy.

### **PennEast Pipeline - Update**

Richard Dodds noted there is a Rally for the PennEast Pipeline this Saturday, April 8<sup>th</sup>, from 11:00A.M. to 2:00P.M. at Prallsville Mills in Stockton N.J.

William Pandy noted attending the most recent HALT meeting. He noted it was a very good turnout.

Richard Dodds showed everyone a large rock formation on a property on Ridge Road, which the Pipeline wants to go right through it. The property owner is not happy about it.

The Committees reviewed the route of the PennEast Pipeline over the projector on Google Earth.

11.

Richard Dodds stated he will be picking up 1000 trees to handout and give away on April 22, 2017 on Arbor Day. It will be a free tree seedlings for residents as part of the NJ Tree Recovery Campaign. He explained they will be handing them out at the Horseshoe Bend Park from 10am-2pm at the South Entrance to the Park. The Kingwood School has agreed to take 200 trees, which the children will be planting them as a project in class. Several businesses in the township have donated pots for the plants to be planted.

**Public Comment - Privilege of the Floor**

N/A

**Adjournment**

It was moved by Richard Dodds, seconded by Karen Hertzog and carried to adjourn the meeting at 8:10P.M. All Voted Aye on Roll Call Vote.

Respectfully submitted,

Cynthia L. Keller  
Secretary
