

Ukarish Farm - Hunting Kingwood Township, New Jersey

Kingwood Township – Ukarish Property (KTUP) (Block 19 - Lot 5) owned by and managed by the Township, has several areas that are suitable for deer hunting. Kingwood Township allows permit limited, BOW ONLY, deer hunting in KTUP in order to provide for better land management. Kingwood Township hopes to be able to restore damaged ecosystems without fear that excessive deer browse will make it impossible for native plants to return to, and agriculture to continue on, KTUP.

KTUP is located to the northeast of Union Road and comprises 82 acres of fields and woods. Approximately 60 acres of the property will be open to hunting. Hunters are required to obtain a permit through the Township on a first come first serve basis. Only 10 permits will be issued for this area.

Contact Kingwood Township at 908-996-4203 for more information.
